REPORTS INDICATE THERE IS VIRTUALLY
NO OBSTACLE IN WAY OF PRUSSIANS

Defeat of Austrians.**

Ostend is now the center of interest in the contest being waged in the western theatre of war. Reports indicate that there is now virtually no obstacle in the way of the German advance on Ostend and other ports in the northwest of Belgium.

Scores of wounded soldiers are being brought into Ostend from Ghent. It is reported that the allies and the Germans engaged in a serious battle near Ghent on Monday. It is said that the German forces were far superior in numbers and that the allies were obliged to withdraw toward the west. This removed the stumbling block in the way of German progress toward Ostend.

A state of panic exists among the inhabitants of Ostend, for the Germans are known to have a large force within twenty miles of the city. As fast as ships can be provided the residents are fleeing to England, escape by land having been cut off on all sides.

The extreme right wing of the main German army has been forced to fall back before an assault by the allies and reports indicate that the invaders will encounter strong opposition in attempting to extend their right wing to the northern French ports. Only recently the German cavalry had progressed as far west as Hazebrouck but now, according to the French war office, the front of the battle extends from La Bassée through Estaires to Bailleul on the Belgian frontier. Across the border Ypres has been occupied by the allied forces. This indicates a decided gain for the allies.

Outside of this there is no important modification in the situation in the western theatre, so far as is indicated by reports, couched in general terms, received by the French war office from the front.

In the eastern theatre the Russians on October 13 successfully pressed back the German forces on the left bank of the Vistula, along the road leading from Warsaw to Ivangorod, according to an official communication issued by the Russian general staff. Fighting continues to the south of Przemyśl, Galicia, says the statement. There are no important changes on the other fronts.

An official announcement given out in Vienna says that the Austrian troops advancing towards Przemyśl have repulsed the encircling Russian troops in such a way that the enemy is now able to maintain his position only before the eastern front of the fortress. It is said that during this fighting several military bridges over the San broke down during the Russian retreat and many of the Russians were drowned. Fighting continues east of Chyrow, Galicia.

From Nish, Serbia, comes the official statement that on Sunday night the Austrians made two attacks on the extreme right wing of the Serbian front between Srebrenik, Bosnia, and Losnitza, Serbia. The attacks were repulsed with heavy losses to the Austrians, it is claimed. On Monday the Austrians attacked the Servians twice on the left bank of the Save river, but were repulsed on each occasion with great loss.

Will Meet Stubborn Resistance.
London, Oct. 14.—While it is fully expected the Germans will reach Ostend and other ports in the northwest of Belgium, if they have not done so already, they will meet a stubborn resistance in their attempt to extend the right wing of their main army through Pas de Calais to the French northern ports. In fact, they have fallen back in this region in the face of the allies' offensive.

have been left to inflict what damage they can before joining the larger body further south.

Prohibits Mention of Operation.
The censorship has prohibited any mention of the operations to the north of Arras, which probably is responsible for the belief that the allies have prepared what one military critic declares is "a smashing blow, which will be the more crushing in its effect the longer it is delayed."

Of the recent fighting elsewhere, the French communication simply says that the operations are proceeding normally on the left wing as far as the Oise, that the allies' progress is confirmed and that on the right wing there is nothing new.

For the first time, however, the French general staff takes notice of and denies some claims put forth by the Germans. It is denied that two French cavalry divisions have been destroyed and it is asserted on the other hand, that the aviators with the French cavalry inflicted heavy losses on the German cavalry. It is declared also that the Germans have not come into touch with the fortress of Verdun and that attempts to do so have failed, while in their effort to cross the Meuse, at St. Mihiel they were outflanked.

Can Call Five Million Men.
German reports coming through Rome say that the real struggle is only just beginning and that, if necessary five million men can be called upon for compulsory service, while many volunteers are also available.

Vienna makes the claim that the Russians have evacuated Lemberg, while the Russians yesterday denied a similar report that they had given up the siege of Przemyśl. It would not surprise military men if the Russians withdrew from Galicia to concentrate all their forces for the supreme struggle which, with the advance of the Austro-German armies into Poland, is now upon them along the Vistula river from south of Warsaw to their southern boundary.

Nothing has come through concerning the battle on the east Prussian frontier, but the activity of the German fleet in the Baltic and Gulf of Finland may presage the arrival of German reinforcements, which it was reported some days ago were being embarked at German Baltic ports. A German squadron, the flagship of which is flying the flag of Prince Henry of Prussia, has been cruising in the vicinity of Aland Island and only a day or two ago the Russian cruiser Pallada was torpedoed by German submarines, two of which were lost. The presence of the German ships probably would prevent the Russian warships from coming out to interfere with transports, should there be any about.

There was every indication today that Turkey and Portugal would be drawn into the war. Portugal has not declared war on Germany as was reported in the day, but a partial mobilization of her forces will be ordered tomorrow and martial law has been declared in Portuguese Congo.

Alliance is Purely Defensive.
Portugal has an alliance with Great Britain, but this is purely a defensive one and was negotiated for the protection of Portugal and not with the idea that Portugal ever should be called upon to come to the assistance of Great Britain. However, the sympathy of that country is known to be with the allies and she has had some small difficulties with the Germans in Africa. A short time ago a German officer, suspecting that the Portuguese were investigating unrest among the German natives of East Africa, crossed into Portuguese Nyassaland and killed a Portuguese sergeant and four natives.

The former German cruisers Goeben and Breslau, which sought refuge in Turkish waters when driven out of the Mediterranean by the British and French warships, may be responsible for the involvement of Turkey. Although these ships were ostensibly sold to Turkey, they are still officered and manned by Germans and have been cruising off the Rumanian and Bulgarian coasts of the Black Sea, where the Russian Black Sea fleet has been for some days. Should the Russian warships sight the Goeben and Breslau, an engagement would be possible.

WAR BULLETINS

LONDON, Oct. 15.—6:30 a. m.—A despatch to the Exchange Telegraph from Bucharest coming by way of Rome, says:
"Heavy cannonading has been heard from the past day off Kustendje (in Rumania on the Black Sea). It is believed that former German cruisers Goeben and Breslau, which yesterday undertook to start from Hulia (an arm of the Danube traversing the district of Dobruja Rumania). Several transports laden with munitions have either attacked or been attacked by the Russian fleet."

LONDON, Oct. 15.—3 a. m.—"Typhus has broken out in the German lines, particularly to the north of Soissons," says a despatch from Paris to the Exchange Telegraph Co. "The French are taking the utmost precautions to prevent the disease spreading to their ranks. The troops already have been vaccinated twice."

LONDON, Oct. 15.—3:15 a. m.—The Daily News says that on Friday last German soldiers entered Holland near Roosendaal. The officer in command refused to submit to being interned and a fight ensued, a dozen Germans being killed or wounded.

AMSTERDAM (via London), Oct. 14.—An official despatch from Berlin denies that two German submarines were sunk after the destruction of the Russian cruiser Pallada in the Baltic.

PARIS, Oct. 14.—A Tavas Agency despatch from Basel says:
"General Barzevit has been appointed commander of the Third German army by the emperor, according to intelligence reaching here. Admiral von Schöngger has been assigned to command the naval forces at Antwerp. General von Aulenberg, who has been ill, is to return to the front."

AMERICAN RELIEF WORKERS SHOULD FORM ONE COMMITTEE

Chairman Hoover Believes the Only
Successful Solution is the Repatriation of Refugees to Their Own
Villages and Homes.

London, Oct. 14.—Herbert C. Hoover, chairman of the relief committee, interviewed today concerning the generous American efforts to alleviate distress among the Belgians, expressed the opinion that unless the application of funds thus raised be under the direction of persons familiar with existing conditions in Belgium, there will be inevitably an overlapping and a great waste of energy and money.

"All American relief workers combine into one committee," he said, "which should embrace all the American committees already established in Belgium and in London." Mr. Hoover was emphatically of the opinion that the creation of concentration camps for Belgian refugees and the billeting of them on the general community in England and in Holland as now is being done, instead of satisfactorily solving the problem would "lead only to demoralization and afterwards create a worse situation than now exists."

"While Holland and England," he continued, "have risen magnificently to the occasion and are now looking after all the immediate wants of the refugees, there is no ultimate solution of the problem except by repatriation to their own villages and homes. Our evidence shows that the homes destroyed by the war amount in reality to but a small percentage of the whole. This repatriation undoubtedly would require considerable funds because a large number of persons have to be provided for until after the war."

PREDICTS GOVERNMENT OWNERSHIP OF WIRES

St. Louis, Oct. 14.—The day is not far off when the telegraph and telephone systems of the country will be taken over by the government and added to the postoffice department, said James A. Reed, United States senator from Missouri, in an address before the City Club here today.

"It may be right or wrong," he continued, "it may be wise or unwise but the pronounced tendency of this country is toward increased governmental activity."

General Botha, the premier of the Union of South Africa, has sent a force to deal with Col. Maritz and the rebels under his command. According to an official telegram from the South African government the rebellion is not so serious as was feared. It is said that the men under Maritz do not exceed 500 including Germans and that, as the Dutch farmers are flocking to General Botha's standard, Maritz is not likely to receive any large acquisitions.

SECRETARY OF STATE'S OFFICE IS RE-OPENED

STEVENSON TAKES OATH AND FILES
HIS OFFICIAL BOND

M. F. Dunlap and Associates are
Given as Sureties—No Shortage
is Shown by Records—State Can-
vassing Board Completes its
Work.

SPRINGFIELD, Ill., Oct. 14.—The office of the secretary of state closed since Monday morning on account of the tragic death of the late Secretary of State Harry Woods, re-opened this afternoon, after Lewis G. Stevenson of Bloomington, named by Governor Dunlap to fill the vacancy caused by the death of Mr. Woods, had taken the oath of office and filed his official bond. State business has been practically at a standstill since Monday morning as a result of the suicide of Secretary Woods. Mr. Stevenson was given the oath of office by Justice Cartright of the supreme court and his bond was filed with M. F. Dunlap and his associates in the Dunlap-Russell Bank of Jacksonville, as sureties. Later in the afternoon Mr. Dunlap left with the state treasurer a certified check covering the amount of state fees held in his bank to the credit of the secretary's office.

The amount corresponds with that due the state as shown by the records of the office and discounts the rumors of a possible shortage in the secretary's office.

The funeral of Mr. Woods was held at 10 o'clock this morning at the residence. The services were private, attended by the state officers, the relatives and few intimate friends of the Woods family. The sermon was delivered by the Rev. G. T. Gunter, pastor of the Second Presbyterian church of this city. The body was placed in a receiving vault at Oak Ridge cemetery and later will be taken to Chicago for burial.

Canvassing Board Completes Work

Springfield, Ill., Oct. 14.—The state canvassing board, which was scheduled to meet Monday but did not do so on account of the death of the late Secretary of State Harry Woods, today met in the office of the governor and finished its work. This consisted of canvassing the returns of the vote for members of the various state committees. Certificates of nomination of all candidates will be sent out by Secretary of State Stevenson within the next few days.

ILLINOIS MAN IS CHOSEN HEAD OF GRAIN DEALERS ASSOCIATION

Pass a Number of Resolutions En-
dorsing Legislative Measures
Pending in Congress.

Kansas City, Oct. 14.—After passing a number of resolutions endorsing legislative measures pending in congress and electing officers for the ensuing year, the eighteenth annual convention of Grain Dealers National Association was adjourned here tonight.

Lee G. Metcalf of Illinois, Ill., was chosen president to succeed Charles D. Jones of Nashville, Tenn. John L. Messmore of St. Louis was elected first vice-president and E. C. Elkenberry of Camden, Ohio, second vice-president. Charles Quinn of Toledo Ohio was re-elected secretary-treasurer.

Resolutions were passed endorsing the Pomerene bill of lading bill already passed by the senate and pending in the house to create a uniform system of shippers' receipts and the Carey bill making telegraph and telephone companies liable to the full extent of any damages incurred as the result of delays in transmission of messages.

SISTERS CHARGED WITH KILLING BROTHER ARE ADMITTED TO BAIL

CHICAGO, Oct. 14.—Mrs. Emma L. Hutton and her sister, Miss Lillian Byers, of Morrison, Ill., who were brought here Monday handcuffed to a deputy sheriff, charged with the murder of their brother, Emanuel Byers, were admitted to bail tonight on bonds of \$10,000 each. The order for bail was given by Judge Pett after arguments on a petition for a writ of habeas corpus.

Judge Ramsay of Sterling, Ill., refused to grant the sisters bail. Judge Pett held that the proof of murder was not evident nor presumption of guilt great.

FATE OF OSTEND HANGS IN BALANCE

Sixty Thousand Panic
Stricken People Await
Action of the Germans

KING ALBERT LEAVES

Inhabitants Are Fleeing as Fast
as Ships Can Be Provided
to Carry Them to England

GIVE WOUNDED PREFERENCE

OSTEND, Oct. 14.—Via London, Oct. 15.—2:10 a. m.—Ostend's fate hangs in the balance. The government has left; King Albert and the main military quarters left Tuesday and sixty thousand panic stricken people await the action of the Germans who are known to have a strong force within 20 miles of the city. The inhabitants are fleeing as fast as ships can be provided to carry them to England. Hospitals were emptied today and the docks were filled with injured soldiers. Hundreds were carried on litters while those less severely wounded hopped on canes and crutches, supported by Red Cross nurses, doctors, nuns and priests.

The wounded were given preference on the transports provided for the beleaguered city, while 25,000 struggling people were massed upon the docks and terminals attempting to find places on the refugee ships. A German Taube flew over the harbor and struck terror to those below, many of whom had come from Antwerp and who feared the airships might drop bombs on the docks and on the great glass sheds which covered the railway and steam terminals.

Open Fire on Airships.
The Belgians guarding the docks opened fire on the airships and continued the fusillade for ten minutes. This created still greater consternation among the thousands of women and children, many of whom had sat for three days on the cement floor of the great terminal sheds their nerves at the breaking point.

Escape is cut off from all sides by land and thousands were still gathered miserably on docks when the last relief ship left late this afternoon. No steamers leave Ostend at night because of the danger from mines. Still the crowds wait on the piers awaiting the dawn and more ships. Even the refugees who managed to find deck space on the crowded transports were not relieved of the terrible strain under which they have been laboring, for the watchful Taube flew over the docks observing their movements as they talked out of the harbor.

The aeroplane did not drop any bombs, however, as one on the previous day had done when the military hospitals were so narrowly missed by the exploding projectiles.

Last night was a nightmare to the residents of Ostend and the thousands of refugees fleeing before the German invasion. Wounded soldiers were brought here by the scores from Ghent. It is reported that they were engaged Monday near Ghent in a serious battle with the Germans. The allies are said to have had a small force against a large German force and were obliged to withdraw toward the west. Consequently there is virtually no obstacle to the Germans advance on Ostend.

Most of Business Houses Closed.

Most of the business houses in Ostend closed yesterday and professional men, bankers and hotel keepers joined the throng that dared not leave the water front for fear of losing their places in the ever-growing line of men, women and children clamoring for a chance to escape.

All taxicabs and cab horses in Ostend were taken by the army long ago, so there was little means of transportation. The tram cars were commandeered by the hospitals and civilians had little chance to ride. The hotels near the quay which remained open were crowded with refugees who had money and who begged for the opportunity to rent even a chair.

Tuesday night brought insistent reports that the Germans would enter Ostend on Wednesday at dawn with the result that few persons in the city slept. Before daybreak every street of Ostend was alive with Belgians making their way to the water front. Hundreds of fishermen took their families and friends away in their small boats, which sailed out the shipping basin in a steady stream loaded down with frightened women and children carrying their personal effects wrapped in table cloths and blankets.

The failure of the Germans to arrive at daybreak afforded only a slight relief to the anxious crowds. Rumors were current that German cavalry was less than 20 miles away and the appearance of the Taube in the sky was taken as an indication that the Germans were perfecting their plan for entering the city.

HUNT'S MESSAGE BRINGS RELIEF TO WASHINGTON

ARIZONA GOVERNOR AUTHORIZES NO
MOVEMENT OF STATE MILITIA

Expresses Desire to Co-operate in
Avoiding Further Complications
on Mexican Border—Garrison's
Message Causes Much Excitement
in Naco.

WASHINGTON, Oct. 14.—A telegram from Governor Hunt of Arizona tonight announcing that no movement of the state militia toward the Mexican border had been authorized and expressing the governor's desire to cooperate in avoiding further complications of the situation on the border was received with much relief by President Wilson and Secretary Garrison. The message which concluded a day of telegraphic interchanges on the subject, was addressed to Secretary Garrison and said:
"I appreciate your courteous telegram and thank you for advice conveyed. Both the president and yourself may feel wholly assured that I realize the gravity of the Mexican situation and international problem and my sole desire is to co-operate in avoiding further complications and at the same time accord all possible protection for Arizona's citizens and property. No movement of the state militia has been authorized. I shall communicate with you as the occasion requires and feel sure that such advice as you may extend at intervals will greatly assist me in allaying excitement over existing danger."

Secretary Garrison at once replied as follows:
"Your message received. Am very much gratified with the expression of your attitude. Will keep you fully informed."

During the day the secretary at the direction of President Wilson wired Gov. Hunt pointing out the danger of divided responsibility should the state troops go to the border. It was indicated unofficially later that if the Arizona governor finally did send troops to the international line they might be called into the services of the federal government to bring all forces under one commander.

Causes Much Excitement.

Naco, Ariz., Oct. 14.—Secretary Garrison's message today to Governor Hunt caused as much excitement here as has been caused on the two weeks attack on Naco, Sonora, which directly adjoins this town.

The war secretary, in answering the many complaints that the Arizona town has been the target for Mexican bullets, told the Arizona governor that if the people of the Arizona town would not expose themselves to see the fighting the situation would be bettered.

Sheriff Wheeler, who represents the Arizona state government here in the absence of any national guard officer, in answer to Mr. Garrison's statement explained just what he held the conditions to have been during the fighting.

Practically no government of any sort remains at Ostend; the departure of King Albert and the military headquarters left only the civil guard and policemen who are attempting to preserve order, but there is lack of direction, as the burgomaster, head of the municipal government, also has left.

The crowds mass about the gangways of the vessels making the work of embarking the refugees more difficult. Women and children are trampled in the stampede, as of frightened animals, at every rumble of the guns. Bundles of clothes, trunks and bags are stacked everywhere in confusion preventing the free movements of the crowds.

"Women and children first," is the announcement the ship officers make in Flemish and French as the gangways are lowered. This rule has been enforced for several days but with the greatest effort; women cling to their husbands and other male relatives, defiantly blocking the gangways. All attempts to persuade the refugees to drop their bundles and hasten aboard the boats are unavailing. "It is all we have left," was the pitiful reply of an aged and infirm woman staggering under heavy luggage.

Ostend today is amazingly unlike the gay Atlantic City of Belgium, which formerly attracted most of the fashionable pleasure seekers of the world. The shutters are closed on the great hotels facing the splendid bathing beach. Rich and poor alike, residents of Ostend and refugees of all classes from the interior of Belgium are huddled together. But there are cars which afford comfortable places to women and children.

The relief boats to Folkestone are so crowded and hurried that they have little time to consider the question of meals and frequently they are unable to offer even a cold lunch to the refugees crowded into every available inch of deck space.

Marked attention is shown the wounded soldiers by the refugees who gather about the litters on the docks and on shipboard offering cigarettes, chocolate and other delicacies which the most empty lunch baskets afford.

Many of the soldiers speak only Flemish while their nurses know only English or French and must rely on refugees who understand all three languages to make known the wants of the sufferers.

HOUSE PASSES THE PHILIPPINE BILL

Measure Will Not Be Con-
sidered in Senate at This
Session of Congress

VOTE STANDS 211 TO 59

Little Progress Is Made on War
Revenue Bill in Senate—Com-
mittee Toils on Measure

APPROVE CONFERENCE REPORT

WASHINGTON, Oct. 14.—The Jones Philippine bill, which declares the purpose of the United States to recognize the independence of the islands "as soon as a stable government can be established there" passed the house late today by a vote of 211 to 59. It will not be considered in the senate at this session of congress.

Five republican representatives, Cooper, Davis, Dillon, Griest and Rogers; four progressives, Representatives Falconer, Chandler, Ruppel and Thomson of Illinois and Representative Farr, progressive republican, voted with the solid democratic membership for the bill. Speaker Clark also had his vote recorded for the measure. Representative Bryan of Washington, progressive voted against it.

The bill declares the policy of the United States on recognition of the independence of the islands in the preamble and makes both branches of the Philippine legislature elective by the Filipino people, fixing the terms of office of the Philippine senators and the resident commissioner of the Philippine in congress shall be six years while Representative shall serve three years.

Debate Ends in Senate.
With the war revenue bill under review as to several features by democrats of the finance committee little progress was made on the measure in the senate today and the prospect of adjournment of congress early next week, was subjected to another check.

While the committee toiled on the bill, the senate was enlivened with a political debate by Senator Penrose of Pennsylvania and Senator Lewis of Illinois. The former assailed democratic extravagances and denounced war tax legislation as a calamity and the latter defended the achievements of the administration.

In their deliberations, which extended into the night making a night session of the senate impossible, democrats of the finance committee averted considerable forthcoming opposition by deciding to eliminate the proposed tax on proprietary medicines which would have yielded approximately \$2,000,000 annual revenue. House leaders have given assurances that this tax never would be accepted and the senate had been flooded with protests against taxes on "the poor man's medicine."

The committee accepted also an amendment doing away with bills of lading in the express and freight shipment of newspapers and to exempt from tax on newspapers shipped within the country of publication. Agreement also was reached on the long disputed tax on domestic wines.

Agree on Alaska Bill.
The Alaska coal land leasing bill, in the form of a second conference report, was approved today by the senate. The first report was referred on the ground that the conference had exceeded their authority. The second report struck out the provision limiting the regulatory power of the interior department over coal lands, actions through the courts for cancellation of the lease to be filed within ninety days of notice to the defendant. This was the provision which aroused opposition in the senate and resulted in the rejection of the original report.

Insurance for Minister.

A new plan for providing aid for the members of ministers families has been inaugurated in Chicago. The first beneficiary is Rev. Herbert W. Prince, pastor of the Church of the Epiphany, and he has just been presented with a \$5000 life insurance policy by members of his church. The plan is as long as he is their pastor. This plan may prove to be the solution of various problems connected with ministerial aid.

For State Senator.

H. E. S. Smith of Springfield, former assistant attorney general and now the Republican nominee for State Senator in the Forty-fifth senatorial district, writes the editor of the Jacksonville Journal that he expects to visit the voters of this city and vicinity between now and election day, to renew old acquaintances and form as many new ones as possible.

Mr. Smith is running on a platform of brevity and pointedness. It is: "I am a Republican; I believe in Good Government. If you elect me I will serve you the best I can."

Argentine Corn.

The following from the market report in the Chicago Tribune of Oct. 14, shows the effect of Democratic tariff legislation on the price of corn.

The triumphant Democracy ruled by the South has certainly unloaded on the Northern corn-grower.

The corn market showed a little strength early, but the excitement soon subsided and during the greater part of the day there was little feature to the trade. Final prices were 1-8 to 1-4c higher. Offerings from the country were light, but, on the other hand, there was not much demand, and sales were 100,000 bushels for shipment. Weather conditions continue unsettled, with a continuance of the same predicted.

Argentine corn is again being contracted for to come to this country to supply industries in the east, and the possibility of a big export trade hinges a good deal on the Argentine situation, corn from that country still underselling American corn. Receipts were 47 cars.

What King George V. Says of the Chamber of Commerce.

"We live in an age of competition. The struggle between nations is not one of arms but one of trade; and it is the Chamber of Commerce, the eyes and ears of a national commercial system that we turn to for help and guidance. They it is who can collect and promptly distribute information, stimulate the home manufacture towards meeting the wants of the consumer, watch over and protect their local interests and bring to the solution of the vast and complex problems of international trade, their experience, knowledge and counsel."

The work which Chambers of Commerce are doing in peaceful America of today has a big influence in maintaining more stable business conditions, thereby effecting the consumer as well as the producer.

WELL OF ILLINOIS TEAM

Believes Coach Harmon's Eleven Will Be Strong Contenders for Minor College Title This Fall—Team Getting Ready for Normal University.

Another hard day's work was put in yesterday by the members of the Illinois college football team, in their preparation for the game Saturday against Normal university. J. Delbert Hodges and Russell Kenehlman the new football men have reported for practice. Their presence is quite a boost to the varsity squad. In fact it has been many a day since football enthusiasm has been at so high a pitch as is now the case on the hill. Every man wants to get in the game either on the first, second or third team.

Football enthusiasm is also running high at Normal and Coach Russell is preparing his men for a big fight, laying particular stress on defensive work. "Normal's chances next Saturday look better than the average person believes," says the Normal correspondent.

The Bloomington Bulletin has the following to say of Coach Harmon and his varsity eleven:

Bloomington Bulletin—The 11d will be kicked off of the college football season in Bloomington next Saturday when Coach Floyd L. Brown brings his Lombard college football team from Galesburg to Wilder field for a tussle with the Methodists. Although Coach Muh's team suffered

Wilson—Brilliant half back on Varsity Squad.

a defeat at Charleston last Friday, the north side coach brought home some glowing reports of the work of the new men and it would not surprise the writer to see Muh's men lick Lombard Saturday. William and Vashti went a notch nearer the championship Saturday by trimming Lombard 31 to 7 and many are beginning to figure that the conference championship of the gridiron will be decided on Thanksgiving day at Jacksonville when Illinois meets William and Vashti. In the meantime Illinois will have had a chance to wallop Normal, Millikin and Wesleyan and if she can come through with a clean slate, then this bout will tell the tale. This of course is eliminating Normal, Charleston and Millikin none of whom are rated as strong as W. & V., and Illinois by the experts who have seen them in action this fall.

Harmon a Clever Coach.

Scott Lucas is authority for the statement that Illinois College has one of "the best looking" football teams seen in this conference. In many a moon. And Lucas ought to know a football team when he sees one.

Harmon, the Illinois mentor, is an exceptionally clever fellow. Practically every year he starts with nothing and builds up until he has a pretty fair aggregation of athletes. Harmon is long on drive and pep and has a habit of turning out a good football team.

Normal, the experts figure, will fall by the wayside next Saturday when Russell takes his men to Jacksonville. If, however, the Normal mentor can get away with this game then the Teachers should have a pretty good chance at the title for the remainder of his schedule is a pretty soft shop.

Millikin is not believed to be as strong as either W. & V. or Illinois this fall, although Price has a first division team.

OPENS INSURANCE OFFICE.

William Gorman has opened an insurance office in the McGinnis building on the north side of the square above the Gem theatre. He has agencies in reliable life, fire and accident companies and will seek a share of the public's business in these lines. Mr. Gorman's wide acquaintance in Jacksonville and Morgan County will no doubt give him prestige in his new business from the beginning.

VISITORS FROM WINCHESTER.

Mr. and Mrs. M. B. Murray and Mr. and Mrs. S. M. Smithson came to Jacksonville Wednesday from Scott county in Mr. Murray's Ford car and found the roads good for the greater part of the distance. Mrs. James Edmondson and Mrs. Roy Ragsdale were also Scott County visitors.

JURY UNABLE TO AGREE IN MORRISSEY AND DOOLIN CASE

Suit of J. W. Wallace Against Irvin Coulson an Appeal From a Chapin Justice Court. Doolin, Doolin, Doolin.

After the Morrissey and Doolin case had been given to the jury that of J. W. Wallace against Irvin Coulson was called. It was agreed to try this suit with nine jurors who are as follows: J. B. Seng, Chas. Keele, J. E. Shobe, John Coombs, W. P. Smith, J. C. Becker, S. J. Camm, J. O. Tribble and John Whalen. Mr. Wallace is represented by Judge Layman and T. F. Smith and the defendant by Kirby, Wilson & Brookhouse.

The parties are well known residents of the Chapin neighborhood and the case comes to the circuit court on appeal from a justice court where Wallace got a judgment for \$28 on account of his claim that a dog belonging to Coulson had killed two hogs one night last January.

A long the witnesses subpoenaed in the case are:

Walter Nergenh, H. C. Anderson, Lew Brookhouse, Samuel Brookhouse, Frank Baker, Edward Baker, Chester Williams, M. V. Hutches, J. R. Taylor, Harriet Coulson, J. H. Newburn, Martin Hutches, Arthur Northrup, Albert Unken, John Drake, William Anderson, Lorn Dailley, Riley Mathers, George Coulson, Albert Newburn, Frank Brookhouse, David Dailley, William Gilliland, Turner Gilliland and James T. Ellis. In the Circuit Court Wednesday Judge Jones heard the evidence in the suit for trespass brought by Michael Morrissey against Patrick Doolin in which \$3,000 damages was asked. Kirby, Wilson & Brookhouse appeared for the plaintiff and John M. Butler for the defendant.

The case was given to the jury about noon and at 9:45 Wednesday night they were discharged because unable to reach an agreement. The jurors were: John Tendick, J. M. Green, John Lutkemeyer, Ben Lorton, Otis Erney, Fred Drake, William Hembrough, James R. Watt, Alden Brown, Fred Rustemeyer, T. R. Mathers and Otis McNeely.

The suit was the result of some trouble the parties had over the renewal of a mortgage note. It was charged by the plaintiff that Doolin attacked him with a poker and that Mrs. Doolin struck him with a chair and that as the result of the encounter he received various wounds on the head and was in the hospital for a week or more. The defendants however, maintained that Morrissey was the aggressor and that he struck Doolin the first blow.

FRESHMEN OF ILLINOIS COLLEGE ENJOY FIRST BANQUET UNMOLESTED

Event Held at Peacock Inn with over Forty in Attendance—Sophomores Fail to Hear of Event in Time to Intervene but Make Captures Afterward.

The class of 1918, Illinois college held their first formal class function Wednesday evening at the Peacock Inn, with over forty in attendance. Dean F. S. Hayden acted as toastmaster and Fred Bray, president of the class, presided. The toastmaster was introduced by Miss Clara Lane, chairman of the social committee.

The members of the sophomore class did not become aware of the banquet in time to prevent the attendance of any freshmen, but way laid several after the class had dispersed.

The caterers had prepared an excellent menu and the event in all respects was a most enjoyable one. Elmer Lukeman and John Irwin, with Miss Lane, composed the social committee.

The program of toasts follows:

"We have Much to be Thankful for,"—Mr. Paul Watkins.

"The Girls' Point of View,"—Miss Ruth Badger.

Remarks from a Freshman Football Hero—Mr. Herman Helme.

"Why Petersburg Came to I. C."—Miss Helen Steed.

"While We're Here,"—Mr. Lucius S. Smith, Jr.

"Thoroughbreds,"—Mr. Fred Bray, Class President.

Always something new to show in suits at Garland & Co.

W. R. C. MEETING.

The ladies of the local Woman's Relief Corps held a special meeting at their rooms in the C. A. R. headquarters building Wednesday afternoon. There was a fair attendance only. Those present went through the prescribed drill of the order, to be better prepared for the annual visit by the state inspector who is expected in the city in the near future.

ADDRESSED MOTHERS AT OPEN AIR SCHOOL.

A meeting was held at the rooms of the open air school on West State street, yesterday, which was attended by a number of the mothers of the children who are taking treatment there. Miss Katherine Olmsted, public health nurse, made a very helpful address upon the work of the open air school and what it is accomplishing for the children.

She illustrated her talk by a number of pictures and explained how the schools of a similar character were conducted in other cities. Dr. H. C. Woltman was also present and gave an instructive talk.

INITIATE CANDIDATES.

At the regular meeting of Jacksonville Acira No. 509, P. O. E., Wednesday night the following candidates were initiated. Jesse Graves, Harold Hagen, George W. Foster, William Boeking, William Garrison. The next big class will be initiated Wednesday night, Oct. 28 with a special entertainment. Several Springfield officers are expected to be present.

BAPTISMAL SERVICE.

A very impressive ceremonial was observed Wednesday afternoon at 5 o'clock at the home of Mr. and Mrs. John H. Russel on Caldwell street, when their daughter, Helen Louise Russel, was baptized.

With the parents as the sponsors and the grandparents, Mr. and Mrs. S. O. Barr standing near, Rev. L. H. Davis read the service.

The event had some added impressiveness from the fact that the babe wore a baptismal robe which is intimately associated with the history of the Russel family.

It was fashioned years ago by the mother of the late G. S. Russel and has been worn by each of his children and his children's children on occasions when the sacred rite has been performed in the family circle.

The company yesterday included members of the Jarr and Russel families and following the service an excellent supper was served.

VISITORS IN CONCORD.

Mrs. R. P. Smith of West North street, Mrs. Earl Williamson of East St. Louis and Mrs. Ward Edwards of White Hall were in Concord Wednesday, taking dinner with Mrs. Smith's brother, W. H. Williamson. Mrs. Edwards left later in the day for her home in White Hall, accompanied by Mrs. Williamson, who will be her guest for a few days before returning to East St. Louis.

UNITY CAMP M. W. A.

The members of Unity Camp, No. 132 M. W. A. will hold their regular monthly meeting in their rooms on the south side of the square on Friday evening and after the meeting refreshments will be served. Visiting brethren will be heartily welcome.

HORSES FOR FRANCE.

Twenty-seven car loads of horses, destined for use in the European war zone by the French government, were sent out of the National Stock Yards Tuesday by a special train on the Vandalia bound for New York. Upon their arrival there the horses will be put aboard a French transport and conveyed to Europe by a cruiser.

It is estimated that each of the cars contains about twenty-five horses, which brings the total number sent out last night to 675 head. Last Sunday night 1000 horses, purchased by agents of the French government, were sent from East St. Louis to New Orleans, where they will be placed aboard a transport.

SOCIAL EVENTS.

An afternoon tea was given in honor of Miss Laura Jane Young of Springfield and Mrs. Fred B. Hopper by Mrs. Joseph V. Breckon, Miss Bess Breckon, Misses Lena and Clara Hopper Wednesday afternoon at the home of Mrs. Breckon, 805 West North street. All the appointments were charmingly made and the afternoon proved one of keen enjoyment, suitable refreshments being served.

The house had been very prettily and artistically decorated for the function. In the parlor marigolds were used, yellow being the predominating color. In the living room were white snap dragons and pink roses in baskets. The hall below was made attractive by the use of lavender chrysanthemums and the hall above in lavender cosmos. In the dining room large baskets of yellow roses were used on the tables, which were lighted by candelabra. The chandeliers and lamps were shaded by autumn leaves and the front porch was decorated in salvia.

Those in the receiving line besides the hostesses were Mrs. Margaret Young Smith of Utah, a sister of Miss Young. The marriage of Miss Laura Jane Young and Mr. Fletcher Hopper will take place October 21.

Those assisting the hostesses were: Mrs. J. W. Breckon, Mrs. Paul Breckon, Mrs. Andrew Leck, Mrs. E. C. Lambert, Mrs. Thomas Reaugh, Mrs. Harold Gay, Mrs. J. J. Reeve, Mrs. Charles Hopper, Mrs. Florence P. Hartmann, Mrs. J. P. Brown, Mrs. Mathilda Colean, Mrs. Nelson McMurphy, Mrs. James I. Graham, Mrs. H. C. Clement, Mrs. T. V. Hopper, Mrs. W. O. Walt, Mrs. Charles M. Hopper, Mrs. J. W. Miller, Misses Edna Stout, Stella Shuff, Ida Marsh, Alice Wadsworth, Mary Anderson, Anna Hopper and Ella Minter.

The "Home Coming Social" announced for members of the Westminster church and congregation last night was a very successful church event. The regular prayer service was held at 7:30 o'clock with an unusually large attendance and afterwards an increased company assembled in the church parlors. There was no formal program but several hours were spent most delightfully in a social way and with music. Sandwiches, coffee and chocolate were served by the ladies of the church in a most generous manner. The attendance of young people was especially large and the interest shown in the event by both old and young augurs well for the enthusiasm of the regular church work this fall and winter.

The ladies of the Christian church of Woodson entertained the Unity Workers of the Presbyterian church of Woodson Wednesday afternoon at the home of Mrs. C. C. Self. A musical program was part of the afternoon's program, given by Misses Stella Seymour, Ione Gallagher, Marie Megginson and Mrs. Joseph Self. Some nice refreshments were served and a very enjoyable time spent.

The Ladies Aid society of the Church of Our Savior met Wednesday afternoon at the home of Mrs. A. W. Becker, East North street. After the usual business had been transacted games were played and prizes won by Mrs. Albert Renner, Mrs. Mary McAvoy and Mrs. John Merriman. The next meeting will be Oct. 28 with Mrs. Martin Kinney on Annett street.

LOCAL PEOPLE WILL ATTEND ANNUAL STATE LIBRARY GATHERING

Nineteenth Annual Meeting of Illinois Library Association in Springfield, Oct. 21 to 23.—Mr. Russell to Present Committee Report.

Three from the staff of the Jacksonville Public Library will attend the 19th annual meeting of the Illinois Library Association, in Springfield Wednesday, Thursday and Friday, Oct. 21 to 23. Miss Lydia M. Barrette, the librarian, will attend all the sessions and Miss Ruth McLaughlin and Miss Golda Ausbury will attend one day each. Among the speakers of note who appear on the program are Hon. John S. Schnep, mayor of Springfield; Henry E. Legler, librarian, Chicago Public Library; Mrs. Jessie Palmer Weber, of the Illinois State Historical Library; and Dr. Walter Dill Scott, professor of Psychology, Northwestern University.

Andrew Russell is chairman of the legislative committee and he will make formal report to the association, Wednesday, the 21st. Mr. Russell will appear again at 11:15 Thursday forenoon when consideration is given to this report by the association.

Miss Ausbury will attend the first day of the meeting and Miss McLaughlin will go to Springfield Friday, when special attention will be given the question of the children's story hour. This subject will be presented by Mrs. Gudrun Thorne-Thomson, of the Riverside Library, Chicago.

The meeting will be closed by a business session (Friday afternoon) when final reports of committees will be heard and officers elected for the year ensuing.

Garland & Co. have just received a shipment of never hats for fall wear.

HOSPITAL AID SOCIETY. The hospital aid society will meet this afternoon at Passavant hospital.

MOTHER DIES SUDDENLY. Mr. and Mrs. D. A. Shaft were called to Perry Wednesday morning by the sudden death of mother.

Mr. and Mrs. M. E. Greenleaf of Alexander were among the Wednesday visitors in Jacksonville.

DR. DURLEY AND MISS MCARTY TO BE MARRIED THIS AFTERNOON

The Rev. Myron L. Pontius Will Say Ceremony at Home of Mr. and Mrs. A. J. McCarty—Reception for Friends Held Wednesday Evening.

The marriage of Miss Ada Myrtle McCarty and Dr. Howard Durley of Aberdeen, Miss., will take place at two o'clock this afternoon at the home of the bride's parents, Mr. and Mrs. A. J. McCarty, 774 East College avenue. The ceremony will be said by the Rev. Myron L. Pontius, pastor of Central Christian church, of which Miss McCarty is a member. Later in the day the bride and groom will leave on a wedding trip, terminating their journey at Aberdeen, where Dr. Durley has a large and prosperous practice.

Miss Grace McCarty, sister of the bride, will act as bridesmaid and Mr. Alvin Easter of Aberdeen will be best man.

Wednesday evening an informal reception was given at the McCarty home for Dr. Durley and Mr. Easter, who had just arrived from the south. Eighteen friends of Miss McCarty were present and the evening was enjoyably spent with music and social converse. Handsome decorations of greenery were in evidence and at a convenient time, light refreshments were served.

MATRIMONIAL

Mosely-Roberts.

The marriage of Mr. Alonzo Mosely and Miss Grace Roberts was solemnized at the residence of Rev. J. W. Kirk, 221 Edgmon street, Tuesday evening at eight o'clock. Mr. Mosely is employed here in the city by John Dunn and is the son of Mr. Cupid Mosely. The bride is the daughter of Mr. and Mrs. Frank Roberts. She has made her home of recent years with her grandparents Mr. and Mrs. Theodore Roberts, her parents being dead. Mr. and Mrs. Mosely will reside in Jacksonville and their many friends wish them all success and happiness.

Likes-Merriman.

The marriage of James Everett Likes and Miss Mabel Carrie Merriman, both of Bluffs, took place Wednesday morning at 11 o'clock at the Centenary M. E. church parsonage. Rev. G. W. Flagg officiating.

The bride is the daughter of Mr. and Mrs. John Merriman and the groom is the son of Mr. and Mrs. James Edward Likes. They come from well known families of Scott county and are highly respected young people. The groom is a farmer and is also interested in a store in Bluffs where they will make their home.

Stout-Stagle.

Edgar Stout, son of Mr. and Mrs. Joseph Stout of Chapin and Miss Myrtle Stagle were married Wednesday. The groom is employed in the restaurant of Lee Brownlow at Chapin. The young people went to Roodhouse in the afternoon to visit with relatives.

Keyes-Mullen.

The marriage of Alva Keyes and Miss Grace Mullen took place Wednesday evening at 7 o'clock at the residence of Rev. J. W. Miller, pastor of Grace M. E. church. The ceremony was witnessed by William Gorman and Mrs. Henry Denny, of Roodhouse, a sister of the bride.

The bride is the daughter of Mr. and Mrs. James Mullen of Roodhouse and the groom a son of Mr. and Mrs. Henry Keyes of the same place. He is a conductor on a freight train, in the employ of the Chicago and Alton railroad, and they expect to make Roodhouse their home.

McGinnis-Frank.

The marriage of Mr. James McGinnis and Miss Clara Frank took place Wednesday morning at 9:30 o'clock in St. Mary's Catholic church, New Berlin, with Rev. Father William Weigand, pastor of the church, officiating. Both, bride and groom, are held in high esteem by friends in largenumber and are among the best respected young people in the New Berlin community. After a short wedding trip they will be at home to their friends in New Berlin in a house already prepared by the groom. Mr. McGinnis is in a grocery business in New Berlin.

The wedding was witnessed by a number of relatives and friends of bride and groom and was followed by a wedding breakfast at the home of the former. The wedding party included Miss Elizabeth Frank, sister of the bride, and Miss Rosella Bergschneider, bridesmaids, with John McGinnis, the groom's brother, and Lawrence Dietrich, his business partner, as best man and groomsmen.

ONLY SIXTEEN, GIRL VERY SICK

Tells How She Was Made Well by Lydia E. Pinkham's Vegetable Compound.

New Orleans, La.—"I take pleasure in writing these lines to express my gratitude to you. I am only 16 years old and work in a tobacco factory. I have been a very sick girl but I have improved wonderfully since taking Lydia E. Pinkham's Vegetable Compound and am now looking fine and feeling a thousand times better."

—Miss AMELIA JAQUILLARD, 2961 Tchoupitoulas St., New Orleans, La.

St. Clair, Pa.—"My mother was alarmed because I was troubled with suppression and had pains in my back and side, and severe headaches. I had pimples on my face, my complexion was sallow, my sleep was disturbed, I had nervous spells, was very tired and had no ambition. Lydia E. Pinkham's Vegetable Compound has worked like a charm in my case and has regulated me. I worked in a mill among hundreds of girls and have recommended your medicine to many of them."

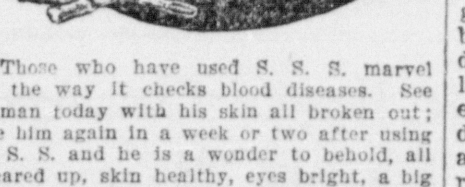

—Miss ESTELLA MAGUIRE, 110 Thwing St., St. Clair, Pa.

There is nothing that teaches more than experience. Therefore, such letters from girls who have suffered and were restored to health by Lydia E. Pinkham's Vegetable Compound should be a lesson to others. The same remedy is within reach of all.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

Fiery Blood Disorders Checked

The Sources of Disease are
Cleaned and Blood
Purified

Those who have used S. S. S. marvel at the way it checks blood. See a man today with his skin all broken out; see him again in a week or two after using S. S. S. and he is a wonder to behold, all cleared up, skin healthy, eyes bright, a big smile replaces the frown. What is S. S. S. that can accomplish such wonderful results? First of all it is a natural medicine. Like milk, eggs and other foods that can not be imitated, S. S. S. owes its life to Nature for its power to overcome disease just as food prevents emaciation. S. S. S. is not a combination of prescription drugs. It is a preparation of direct medicinal plants that retain all the virile potency of what we need, what we must have in the blood to counteract those destructive tendencies that assail us throughout life. If it were not for our natural secretions to sustain us, aided by such known helps as S. S. S. there would be small chance of any of us surviving childhood.

Get a bottle of S. S. S. from any druggist but be careful to avoid the substitutes peddled off on the unwary. S. S. S. is prepared only by The Swift Specific Co., 53 Swift Bldg., Atlanta, Ga., and for private medical advice write briefly your symptoms to their medical department. They will take excellent care of you.

STOP SUFFERING NOW FROM ASTHMA

Go to the druggist listed below and buy a package of Dr. Rudolph Schiffmann's Asthmador today and if it does not give instant relief, and even more, if you do not find it to be the very best remedy you have ever used, go back and your money will be cheerfully returned by this druggist, without any question whatever. No matter what else has failed, Asthmador and Asthmador Cigarettes will give instant relief usually within 10 seconds, but always within 15 minutes. It does not matter how violent the attack or obstinate the case is, or what else had been tried and failed, Asthmador will relieve instantaneously. If it does not, this package will cost you nothing. Go back and get your money refunded. You are the sole judge as to whether benefited or not. You run no risk in buying this remedy under this positive guarantee.

Persons living elsewhere will be supplied under the same guarantee by their local druggist or direct by Dr. R. Schiffmann, St. Paul, Minn. For sale here by (M. E. Gilbert.)

CLAIM CAPTURE OF DUM-DUM BULLETS

GERMANS SAY EVIDENCE SHOWS
ARMY AUTHORITIES DEALT
OUT CARTRIDGES.

Wireless From Berlin States Economic Life of Germany is Progressing as Usual and Industries Are Working With Nearly Full Pressure.

Washington, Oct. 14.—Count von Bernstorff, the German ambassador, issued today the following statement, under the heading:

"Authorized by the Imperial Government:

"In possession of French soldiers who were made prisoners, particularly near Schirmeck, Montmedy and Longwy, numerous steel mantle projectiles were found, the top of which had been bored out by machinery to a width of five and a depth of seven millimeters. Near Fort Longwy a mechanical contrivance was discovered serving to alter the bullets of finished cartridges in the above fashion. There also whole cases full of such cartridges were captured. It is therefore, beyond doubt that cartridges of this description have been dealt out to the troops by the French army authorities.

As regards the effect of these hollow top bullets, commonly known as dum-dum bullets, the softer leaden nucleus will at the impact, emerge from the steel mantle and flatten out, thus causing peculiarly cruel wounds and needless suffering. The same is to be said of the mantle which when torn open, produces heavy lacerations in the organic tissues.

"Other cartridges found upon French prisoners show bullets either provided with strongly protruding edges caused through insecting, or tipped off at the top or even split open. Military investigations have established the fact that men have treated the cartridges as described by order of their officers. Bullets of this kind are liable to cause similar needless wounds as the dum-dum bullets.

"The use of all such projectiles is prohibited by the rules of International law, more especially by Article 23, Paragraph 1, Section E, of The Hague regulations for war on land and by the Hague declaration of July 29, 1899, relating to the prohibition of projectiles which easily expand or flatten in the human body."

The embassy received today a wireless message from Berlin saying:

"The English news that German industry is at a standstill with no possibility of export are lies. The economic life of Germany is progressing as usual. German exports have decreased less than those of England, despite the attempts of the enemies to check them. German industries, especially textile industries, are working with nearly full pressure."

NOTICE TO CONTRACTORS.

Sealed proposals will be received by the county commissions until 2 p. m. Saturday, October 10, 1914, for the construction of 1200 cubic yards of open ditch on North Main street road. Bid must be accompanied by a certified check for five per cent of the total bid. Plans and profile may be seen at the office of the county superintendent of highways. Bids to be mailed to C. A. Borneff, county clerk, Jacksonville, Illinois, and marked proposal for open ditch construction.

FOR UNIFORM STATE LAWS.

Washington, D. C., Oct. 14.—Preliminary to the annual meeting of the American Bar Association, which is to be held in this city next week, the commissioners appointed by the Governors of all the States to draft acts for uniform state laws assembled here today and began a five days' conference, the results of which will be presented to the bar association for further consideration. One of the most important of the new measures to be considered will be a draft of a uniform cold storage law.

THE FIVE MEETING AT LITERBERRY

The evangelistic meeting at Literberry Christian church, conducted by Evangelist Roger H. Fife, of Kansas City, Missouri, is growing in interest daily since the rainy weather of last week. People are attending from the neighboring towns and the country for ten miles around. There have already been several conversions and additions to the church.

Next Sunday will be a great day in the revival. The morning service will be opened at 9:30 o'clock with a Bible school rally. Every member of the church is urged to be present, and a cordial invitation is extended to the friends of the church to be present. The evangelist will give a candle demonstration at 10:30 a. m. that will be a delight to both old and young. At 11 a. m. he will preach on "Heaven—What and Where Is It?" Dinner will be served at the church. The members and friends will bring their baskets of provisions, and all will enjoy an old-time family dinner together. As soon as the dinner is served, the evangelist will deliver his great temperance address on "Rum and the White Slave Traffic." A great crowd is expected to hear it. At the evening service he will preach on "The Divinity of Christ."

The meeting is expected to continue through next week also, and the evangelist is announcing a special line of themes for the services.

A NEW WAY OF CLEANING ENGINES

An ignorant laborer in the testing room of an engine factory is responsible for one of the greatest boons to motorists ever discovered, according to the Regal Motor Co.

A tester had just started a kerosene engine and as it is necessary to "live" up a kerosene motor with gasoline injected from a squirt can into the air intake of the carburetor, he was industriously helping the machine along when the squirt can ran dry.

Calling the laborer he told him to fill the can with gasoline. The laborer, not understanding English very well, filled the can with water and brought it back to the tester.

Meanwhile the engine was running along as best it could, smoking and missing fire, until a little "gasoline" was shot into it from the re-filled squirt can, when to the astonishment of the tester the motor picked up speed and ran without smoking.

Naturally he investigated matters and eventually traced the improvement to water in the squirt can. He then tried it on a gasoline motor and discovered that while it did not greatly affect the operation of a gasoline engine that it would remove any carbon collected on the inside of the cylinders.

It is surprising how few repairmen, experts, and motor car drivers know about this handy method of removing carbon from a motor, so M. S. Young, engineer and designer at the Regal Motor Car Co., has consented to give the following instructions for its use.

Procure a squirt can, fill it with water from the faucet in sink or garage, start your motor, raise the bonnet on the carburetor side and with the can inject a few drops of water into the air intake of the carburetor while the motor is running. Keep this up a few drops at a time for several minutes. It certainly is easier than taking the motor down to scrape out the carbon, and really does clean out the motor in good shape.

BROTHERHOOD OF ST. ANDREW

Atlanta, Ga., Oct. 14.—Delegates representing local chapters of the Brotherhood of St. Andrew, the great laymen's organization of the Episcopal church, have gathered here in large numbers from all sections of the country for their twenty-ninth annual national convention. The sessions were formally opened today and will be continued over next Sunday.

RESERVE BOARD HEAD ADDRESSES BANKERS

PREDICTS NEW SYSTEM WILL BE
OF IMMENSE ADVANTAGE.

Warns That Problems Which Have Arisen From the War Should Not Be Attacked so That "The Remedies Proposed Are Worse Than the Disease."

Richmond, Va., Oct. 14.—Governor Charles S. Hamlin, of the Federal Reserve board, was the principal speaker today at the convention of the American Bankers' association. Gov. Hamlin told the bankers that he hoped to see the new system in operation in a short time and predicted that it would prove of immense advantage to the country.

The European war furnished Governor Hamlin with an opportunity to compliment the bankers on the spirit they have shown in helping to restore disturbed financial conditions, but he gave warning that the problems which have arisen from the war should not be attacked so that "the remedies proposed are worse than the disease."

He said in part:

"The Federal Reserve banks are quickly approaching the time of opening and operation. As soon as certain necessary preliminaries have been accomplished their doors will be open for business. There is to be a conference in Washington on October 20, at which committees representing the directors of the various reserve banks will be present and it is hoped that then an authoritative statement may be made of an early date when the banks will open.

"Many important questions now are pending before the reserve board. Among these are clearances of checks and the definition of eligible commercial paper. We want light thrown upon them, and any suggestions emanating from your body will be conscientiously considered."

"I want to emphasize the necessity of establishing branches of our national banks in foreign countries. We have already approved applications for two branches in South America and one on the Isthmus of Panama.

"Along the line our financial energies should operate to the great benefit of agriculture, commerce and the manufacturing industries of our country."

"Our present difficulties do not appear to arise from the scarcity of actual money, or bank notes. There seems to be an ample supply in the United States, and much more can be issued. For example, the total of Aldrich-Vreeland notes throughout the United States available for issue amounts to over a billion, two hundred million dollars, while there have actually been shipped to banks only little over \$340,000,000. In the western states alone there are available about \$160,000,000, while there have been shipped only between 50 and 60,000,000 dollars.

"The real difficulty would seem to be one of credit. Mutual trust and confidence have been disturbed. As to certain great crops, the demand has temporarily greatly decreased in consequence of the war, and value has left its moorings—the cost of production. Ordinarily such a condition would quickly adjust itself. We should see to it that the remedies proposed are not worse than the disease itself.

"The United States treasury is in sound financial condition. It possesses ample funds of gold and ample power to increase the gold reserve, should it ever be necessary.

"It should be remembered that the reserves to be paid into the federal reserve banks will not reach their maximum until after the expiration of three years. At the opening, however, the reserve banks will begin operations with a paid-in capital of about eighteen millions of dollars, and reserve deposits of about two hundred and fifty millions.

"It has been asserted that the assets of these banks when they begin operations will give only a limited lending power. It should not be forgotten, however, that this lending power may be greatly increased by the deposits of public moneys, which the secretaries of the treasury is authorized to place with the reserve banks. Practically all of the government revenues could be deposited and the government debts paid by check against such deposits. One can state with confidence that the Federal Reserve system at the outset will increase the lending power of the national and federal reserve banks by some hundreds of millions of dollars.

"An amendment is now pending in congress, under which member banks may keep all their reserves in the federal reserve banks. This will greatly increase the lending power of the federal reserve banks, increasing their power to cope with the present abnormal conditions."

SILK EXPOSITION

AT PATERSON
Paterson, N. J., Oct. 14.—An Industrial Exposition and National Silk Style Show is now being held in Paterson, the pioneer silk city of the United States. The affair is under the direction of the Paterson Chamber of Commerce. The exposition proper is being held in the Paterson armory, the centre of which is given over to the silk exposition while the other industries of Paterson tenant the surrounding booths. The production of silk from the egg to the finished broad silk and even the complete gown is shown.

The National Silk Style Show includes a display of the season's latest gowns as well as a demonstration of the extent of the Paterson silk industry. The gowns included in the display are all "Paterson Made" and were designed by American modistes.

MURRAYVILLE ODD FELLOWS HAD GREAT TIME

Forty-Fourth Anniversary of Installation of the Lodge is Observed—Program of Special Interest.

Tuesday evening, Oct. 13th was a red letter day for Oddfellowship at Murrayville. It being the 44th anniversary of the institution of Lodge No. 415, I. O. O. F., the members took occasion to celebrate; which was done in a highly satisfactory way. Carls Hall was secured for the evening and all members and resident Oddfellows with their wives and children, including all Rebekah members were invited, and attended to the number of about two hundred individuals.

The program consisted of instrumental music, recitations, songs, address and floor drills by the staffs representing the Oddfellows and Rebekah lodges.

The program follows:
Opening ode, by the brothers.
Invocation, Bro. C. S. McCullom.
Musical selection, Standfields orchestra.

Recitation, You'll never be missed, Malinda McCarty.
Song, "I'm on My Way to Mandalay," The Short Kids.
Address, J. J. Reeve.
Music by orchestra.
A word of greeting, Mrs. J. J. Reeve.

Piano Duet, Mildred Wright and Willard Wesner.
Brief Review of the History of the Lodge, W. B. Wright.
Song, "Come Where the Lilies Bloom," Iva Short, Beulah Kerner, Edna Osborne, Flora Short, T. G. Beadles, S. F. Sooy, J. H. Dial, W. B. Wright and Mildred Wright, accompanist.

Address, Rev. C. S. McCullom.
The Rebekah Degree Staff, sixteen in number and under direction of Prin. J. H. Dial, put on their beautiful floor drill; which was highly pleasing to the audience, and reflected great credit on the members of the staff and their captain, Mr. Dial.

Willard Wesner played the marches for this drill. This was followed by the Degree Staff of Murrayville Lodge, No. 415 twenty-four in number, and under the direction of their captain, W. B. Wright; the marches for this drill being played by Mildred Wright.

The drill work of the teams was highly applauded, and honors were about even; each team having zealous partisans.

Refreshments consisting of sandwiches, coffee, ice cream and cake were served.

The affair was pronounced a success from all angles, and great credit is due the committees in charge and also S. F. Sooy who presided in his usual happy manner.

HOW FRENCH PEOPLE CURE STOMACH TROUBLE.

A household remedy of the French peasant, consisting of pure vegetable oil, and said to possess wonderful merit in the treatment of stomach, liver and intestinal troubles, has been introduced in this country by George H. Mayr, who for twenty years has been one of the leading down town druggists of Chicago and who himself was cured by its use. So quick and effective is its action that a single dose is usually enough to bring pronounced relief in the most stubborn cases, and many people who have tried it declare they never heard of anything to produce such remarkable results in so short a time. It is known as Mayr's Wonderful Stomach Remedy and can now be had at almost any drug store. It is now sold here by all druggists.

Retired

The man who leads an active life grows weary of the business strife, which long since lost its zest; he yearns to quit the beastly grind, to leave all trafficking behind, and have some ease and rest. "Some day, when I have made my pile," he murmurs, with a longing smile, "I'll sell this blamed old store, and put in my declining days at checker games, with other joys, and labor never more." That time arrives; his store he sells, then for a month he's wearing bells, a gladstone soul is he; but when an idle month is spent, you will not find a sadieer than he, from sea to sea. The time hangs heavy on his hands, and slowly flow the hourglass sands as grease in winter time; each morn he greets with new despair, he finds that leisure is a snare, and idleness a crime. He hangs around the busy mart with weary eyes and aching heart, and envies those who hump; they're finding life serene and glad, as they pursue the festive scud—and he is at the dump. In seven months he ages more than in twice seven years before; the rest that he desired, but makes him wearier, by much; "Oh, what a chump," he sighs, in Dutch, "I was when I retired!"

The wise man never means to quit, while he is competent and fit, and standing on his feet; the rest that he wants is when his workday tasks are done—that

WORLD'S CHAMPION BRAVES ARE GIVEN BANQUET BY BOSTON MAYOR

Players are Each Given Check for \$2,708.86 as Their Share in Series Receipts—Are Not to Tour South America.

Boston, Oct. 14.—The Braves, world's baseball champions as a result of the sensational series with the Philadelphia Athletics which closed here yesterday, were given a banquet and reception tonight by Mayor Curley. Praise for their achievement was heaped by various speakers and modest acknowledgment was made by Manager George T. Stallings and several of the players.

After the banquet many of the Braves left immediately for their home cities. They were each given checks today for \$2,708.86 by a representative of the national commission as their share in the world series receipts. To most of them this meant about \$5,000 for their season's work.

Captain Johnny Evers, found the season a big one financially, his income the past six months having been more than \$40,000, including a bonus of \$25,000 for his signature to a contract, \$10,000 in salary, a \$3,000 bonus for finishing in first place and his world's series receipts.

The winter will be spent quietly by most of the men. Several vaudeville agents were at Fenway Park today endeavoring to sign up some of the stars, but it is understood that none was successful.

"Rabbit" Maranville who was on the stage last winter may return this year.

Manager Stallings said tonight that the statement by Minister Paret of Peru, made at a dinner here last evening that the Braves would tour South America was a mistake. It was due, he thought, to the fact that some members of the Braves had been asked to play with the New York Giants on a proposed trip there.

RICHIE AND DUNDEE

San Francisco, Oct. 14.—Willie Richie and Johnny Dundee were signed here today to box four rounds on the evening of October 23rd. This will be Richie's first match since he was defeated as lightweight champion by Freddie Welsh of England.

SAW TRAIN OF ZULU WARRIORS.

New York, Oct. 14.—Mrs. M. Gerschwyler, of Rapid City, S. D., one of the passengers arriving today on the Italian liner Verona, said that her train from Milan passed another filled with Zulu warriors. She was informed, she said, that they were on their way to join the allies in northern France. Mr. Gerschwyler declared that the Zulus were armed with spears and bows and arrows.

Philadelphia fans declare that Preston Brown, the colored featherweight, is a counterpart of the late George Dixon.

STOPS HEADACHE OR NEURALGIA AT ONCE

Don't Suffer! Get a 10 cent Package of Dr. James' Headache Powders.

You can clear your head and relieve a dull splitting or violent throbbing headache in a moment with a Dr. James' Headache Powder. This old time headache relief acts almost magically. Send one to the drug store now for a dime package and a few moments after you take a powder you will wonder what became of the headache, neuralgia and pain. Stop suffering—it's needless. Be sure you get what you ask for.

ON THE FIRING LINE.

What it Means to Most Men.

There are many true heroes that have perished in the European war who "never smelled powder", but who succumbed to sickness after hard campaigning—coupled with bad water and lack of food. The sick and debilitated man is as much out of place in his struggle for life and existence as he would be on the firing line. On the other hand the strong, vigorous man, his veins filled with rich, red blood, has an enormous advantage in whatever position he may be fated to occupy, in war or business.

The prompt and certain action of Dr. Pierce's Golden Medical Discovery in driving all harmful germs and impurities from the blood, sets in motion the repair process which works actively on the diseased membrane where Catarrh flourishes unchecked or where the skin gives warning of the bad blood beneath by showing pimples and boils, also the skin clears up and becomes wholesome and ruddy.

Thus by building up a new and perfect covering and carrying out of the system the Catarrh infested matter by way of the blood, liver and kidneys, Catarrh is overcome and permanently conquered.

There is not a drop of alcohol or any narcotic in Dr. Pierce's Golden Medical Discovery, but in this safe vegetable remedy there is a mighty alternative power which by replacing the blood impurities with pure, rich blood, not only cures Catarrhal conditions wherever located, but vitalizes the kidneys, stomach, liver, bowels and every organ of the body. People who suffer humiliation and mental misery because of pimples, skin rash, blotches, eruptions, boils, carbuncles, are especially benefited. It is not a secret remedy for its ingredients are printed on wrapper.

Send for free book on the blood to Dr. Pierce, Invalids' Hotel, Buffalo, N. Y.—adv.

JIMMY ARCHER IS ARRESTED ON WARRANT CHARGING ASSAULT

CHICAGO, Oct. 14.—Jimmy Archer, catcher for the Chicago National league baseball club was arrested today on a warrant charging assault taken out by George E. Wolfson, 25 years old, a rug manufacturer who says the ball player assaulted him at the close of yesterday's city series game between the Cubs and White Sox teams.

Archer declares that Wolfson annoyed his wife. Wolfson denies the charge.

WAR BRINGS PROBLEMS TO THE IMPORTERS

Matter of Estimating War Tax Cost is Difficult to Figure.

New York, Oct. 14.—The European war is bringing to the front many new and rather perplexing problems for importers and customs officials alike. One of these relates to the question of the part war taxes should play in estimating the foreign market value of merchandise exported from the country where such taxes have been levied as a result of the general conflict now raging in Europe.

The Netherlands, for instance, has imposed war taxes to compensate for the losses in trade due to the war by the interruption or curtailment of commercial relations with other countries, and to raise money to pay the cost of the mobilization of troops to maintain the kingdom's neutrality. The question has now arisen here whether the Dutch war taxes are internal levies or merely export taxes. Importers of goods from Holland, in such instances, are claiming that the Dutch taxes are not internal, but should be regarded by the customs officers here as possessing an export character.

The reason for this view by importers is that if the Dutch war taxes are held by the American customs administration to be internal they must be added to the foreign market value as a basis for the assessment of duties, whereas if export taxes they cannot be added to market value upon entry here. In practically all cases the appraising officials of the Customs Service at this port are making market value on the basis of the prices prevailing before the war. Some goods coming from Germany have been reduced at the values known to exist there just before the war started, since it has been impossible for the officials here to get definite information as to current prices.

Just what war taxes have been imposed in Germany since the war began are unknown to the customs administration, but when light is thrown on this phase of the situation it is regarded as possible that the taxes will be included in the market value of the merchandise, thus calling for the payment of higher rates on the values of German production as well as on those of other countries recouping their national finances by means of special war taxes. This question, it is said, is being investigated by the treasury department to the end that equitable duties may be collected from foreign merchandise when the taxes result in the goods selling at prices higher than normal.

Another problem being dealt with has to do with assessing goods of German manufacture or origin purchased, for example, by American importers in France, England, or other countries and shipped here from the country of purchase. The fact that the goods may have been produced in Germany or Austria will not figure, as the factor of the origin of the merchandise will be ignored.

In this way, it is explained, if an importer here manages to pick up lots of goods of German or Austrian manufacture elsewhere than in those countries he pays duty on the market value in the country where bought without reference to whether the market in the two countries named is higher or lower for similar goods.

Some importations, however, have been held up for the production of additional evidence to bear our market values entered by importers, while other cases of disputed valuation have been sent to the Board of Appraisement of the United States Customs for final settlement. It is acknowledged in customs circles that the war has upset market values generally abroad, not only in the countries in actual conflict, but in neutral countries as well. Added to this is the difficulty of obtaining reports from consular representatives as to the present market conditions. This difficulty is responsible, the officials say, for taking values as they were before the war began.

As time goes on the treasury officers expect to receive reports throwing more light on market conditions, but at the present time little information of a helpful nature is gotten out of Europe. Importers who succeed in picking up German goods in other countries report that while some advantageous sales as regards prices were put through, goods of this character cost close up to the German home market prices and were in some instances many times higher, as the merchandise was wanted here at practically any price.

CHIP AND CLABBY TO FIGHT

Los Angeles, Oct. 14.—George Chip and Jimmy Clabby will fight in San Francisco the night of October 30, to determine the middleweight championship of the world, according to Chip's manager, who said today the boxers had come to terms. They will weigh in at 158 pounds at six o'clock. The contest will be for twenty rounds.

THE DUTY OF A GOOD NEIGHBOR

Rigid Quarantine a Moral Obligation in the Case of Contagious Diseases.

Every family which has a member ill with typhoid fever, scarlet fever, or other contagious disease, is entitled to the sympathy and intelligent help of the community. At the same time, the stricken family should realize fully that simple good citizenship calls upon its members to do everything in their power to prevent the spread of the contagion to neighbors. In the country especially, where there are seldom health officers to impose rigid quarantines, the duty of keeping the sick separated from the well falls with peculiar weight on the afflicted family. Ordinary neighborliness demands that such a family keep its members away from others and prevent outsiders from coming in contact with the infection.

On a farm producing and selling milk, contagious disease such as typhoid or scarlet fever demands special precautions. A very few germs of these diseases allowed to get into the milk may multiply rapidly and be a source of disease in many families on the milk route served by the farmer.

In the case of typhoid, the disease may come from germs in the well water if used unboiled for cleansing milk bottles or cans may very well start a typhoid epidemic in a neighboring town. Inspectors have frequently traced outbreaks of scarlet fever and typhoid along a milk route and back to a sick person on the producer's farm.

It is the duty of every milk farmer to see that no one who is suffering from fever of any kind ever enters the dairy. Moreover, no one engaged in nursing the sick should ever be allowed to go near milk. Those who handle the milk on such farms, even though they never have been near the person who is sick, should take special precautions. Before entering the milk room they should put on a clean cap and a clean duster, which are never allowed to go into the house. In cases of typhoid or suspected typhoid all water used in cleansing milk vessels should first be boiled. Finally, even with all these precautions, whenever typhoid or scarlet fever is even suspected in a family, the milk should be thoroughly pasteurized before being sold.

The producer who takes these precautions establishes his good citizenship. The one who handles the milk carelessly with sickness in his family is, though he may not realize it, a possible enemy to his customers.

Such precautions are doubly necessary where the owner of the farm is the sufferer, because the milk is apt to be handled carelessly for lack of his supervision. Inspectors have found on a case of bad milk found the owner of the farm sick with a bad case of typhoid fever. He gave his illness as a reason for his not being prosecuted, because of the low quality of the milk was due directly to its handling by inexperienced persons. Investigation proved that the farmer's illness was one of a succession of cases of typhoid that had occurred on this farm. The probability, therefore, was that the milk being sent out before the farmer was sick was dangerously contaminated, while, of course, the risk after illness had withdrawn his attention was vastly increased.

In many cases where an outbreak of typhoid has been traced back to a dairy, owner was not deliberately careless. Typhoid fever is not always readily recognized as such, and not uncommonly passes simply as a fever or bowel complaint. For this reason every case of fever in a dairy farm should be regarded with suspicion and lead to very careful handling of the milk.

Members of households in which there are contagious or suspicious illnesses also have an important part to play in keeping the milk supply clean. They should never return empty milk bottles without first boiling them, and any family which takes a public milk bottle in to a room where there is a contagious disease is really a party to a serious offense against public health. A milk dealer who learns of a case of sickness in a family should keep the bottles from that house separated from the others and make certain that they are very carefully sterilized before they are again used for milk.

Even where there is no sickness on a farm, the farmer should use every effort to produce a high grade, clean milk from healthy cows. Sterilization of bottles and other milk vessels is essential—From U. S. Dept. of Agriculture Weekly News Letter.

BANKERS' MEETING

Richmond, Va., Oct. 14.—Following two day committee meetings and departmental conferences, the fortieth annual convention of the American Bankers' Association got under way today with the first of the general sessions. The assembly room of the Jefferson Hotel was filled with representative bankers and financiers from all sections of the country when the gathering was called to order shortly before 10 o'clock this morning by the president of the association, Arthur Reynolds, of Des Moines. Greeting were extended by Governor Stuart of Virginia, Mayor Ainslie of Richmond and President Purcell of the Richmond Clearing House Association. Response in behalf of the visiting delegates was embodied in the annual address of President Reynolds. The remainder of the morning session was occupied with reports of officers and heads of committees and an address by Martin W. Littleton of New York. The feature of the afternoon session was an address on the "Federal Reserve System," by Congressman Carter Glass, chairman of the House committee on banking and currency.

PRESIDENT ENDORSES NEW YORK STATE DEMOCRATIC TICKET

NEW YORK, Oct. 13.—President Wilson's endorsement of the Democratic state ticket headed by Governor Martin H. Glynn was brought to tonight by secretary of state Bryan, who, addressing a mass meeting in the Brooklyn Academy of Music, said that the president is deeply interested in the success of the Democratic party in New York. Secretary Bryan expressed his personal friendship for the governor and also endorsed James W. Gerard, Ambassador to Germany, the Democratic candidate for United States senator. The meeting in Brooklyn opened Governor Glynn's gubernatorial campaign. The governor in a speech asserted that he would be politically independent if elected.

STATES EPIDEMIC OF DISEASE THREATENS ARMIES IN FRANCE

LONDON, Oct. 13.—An epidemic of disease threatens the battle line in the western theatre of operations according to Major Louis Zaman of the United States army, an expert in military sanitation and surgery, who reached here from France today. The men living in the trenches are unable to observe the ordinary sanitary rule and take and retake each other's ground, said Major Zaman. Heretofore good weather has favored both sides, but now the nights are growing cold.

The major visited all the hospitals and said that dysentery and pneumonia are prevalent. Many wounded soldiers are dying of infection, due mainly to shrapnel wounds and to delay in applying first aid. Many are left two or three days on the battle field without attention.

The Paris hospitals are doing excellent work, said Major Zaman, particularly the American hospital. There is plenty of room in Paris now as the wounded are being moved to the south.

GRANT MCCORMICK LEAVE TO FILE PETITION FOR WRIT OF HABEAS CORPUS

SPRINGFIELD, Ill., Oct. 13.—Alexander A. McCormick of Chicago, was today granted leave by the Illinois supreme court to file a petition for a writ of habeas corpus, to compel Anthony Carneekies and members of the election commission, to place his name on both the progressive and the republican ballots as a candidate for county commissioner at the November election. McCormick's attorneys declare the election board wants him to elect upon which ticket his name shall be printed and that if he does not do so his name will be left off altogether.

TEXAS NURSEMYMEN MET

Fort Worth, Texas, Oct. 14.—The fifteenth annual convention of the Texas Nursemymen's association began in this city today and will continue over tomorrow. Many members from all parts of the state are in attendance. President John S. Kerr, of Sherman, and other officers of the association delivered addresses at the opening session.

Elsie Ferguson is to appear this season under the management of Charles Forbman and Klaw and Erlanger in "Outcasts," by Hubert Henry Davies, author of "The Mollusc."

JOHN J. REEVE

REPUBLICAN CANDIDATE FOR COUNTY JUDGE OF MORGAN COUNTY

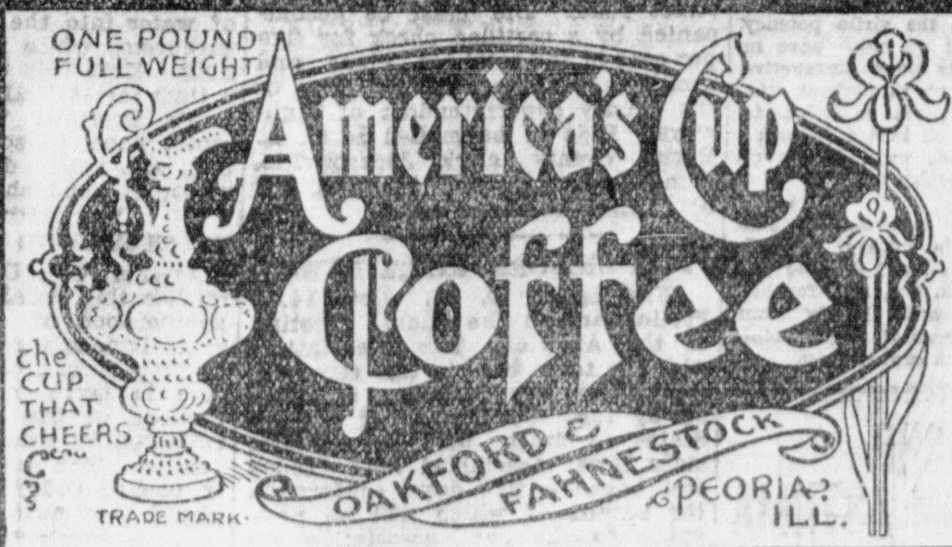

(Jacksonville Journal Editorial, October 9.)

John J. Reeve was born and reared on a farm east of Jacksonville, and has lived in the county substantially all of his life, his ancestors having been among the earliest settlers in the county. He began the active practice of law in 1891, in Jacksonville with Morrison & Whitlock; served as City Attorney of Jacksonville from 1895 to 1899, and in 1899 formed a partnership with the late Isaac L. Morrison and Thomas Worthington, under the firm name of Morrison, Worthington & Reeve. This partnership continued until the death of Mr. Morrison in 1901, after which the firm name was Worthington & Reeve until 1912, when Mr. Hugh Green became a member of the firm.

Mr. Reeve's practice has brought him into one side or the other of most of the important litigation in this county, and of as much in adjoining counties. He is now president of the Morgan County Bar Association, is a member of Grace M. E. church, Grand Master at Arms of the Order of Knights of Pythias. He is also a member of the I. O. O. F., M. W. A., Elks, Masons, including the Order of Knight Templar, a member of the Order of Red Men and of the Court of Honor. Aside from criminal business, the County Court is now of far greater importance to the people of the county than the Circuit Court, as it handles a much greater volume of business affecting the most intimate business and domestic relations of the people. In all this class of business Mr. Reeve has had a wide experience, including such cases as the settlement of estates, special assessment and drainage matters, criminal cases, the management of the estates of minors and insane persons, the handling of matters relating to taxation, and such other subjects as necessarily come before the county court. His experience in all this class of business will be of great value to the people of the county, if he is elected county judge, and will save to them a large amount both in time and money. He already knows how to despatch the business of the court and do it promptly. His experience, training and character eminently fit him for the office of County Judge and it is to the interest of the people that a person with these qualifications should be elected to that important office.

WORLD'S MARKET NEWS

Revival of Strength
Develops in Wheat

Higher Prices at Liverpool
Aids Rise.

Sensational Drop in Receipts at Win-
nipeg Proves a Strong Factor—
Other Staples Show Net Advances.

Chicago, Oct. 14.—Fresh activity
and a revival of strength developed
in wheat today largely because of
higher prices at Liverpool and owing
to a sensational drop in receipts at
Winnipeg. The market closed strong
at 1 1/2c above last night. Corn
gained 1/4c to 3/8c, oats 1/4c
and provisions 1/4c to 3/8c.

Wheat traders seemed to couple
the Liverpool advance and the scanti-
ness of Canadian supplies. Arrivals
at Winnipeg were only 303 cars to-
day as against 1,295 cars a year ago,
and only 100 cars in sight for to-
morrow. Under such conditions, re-
ports found ready acceptance that
the stock of wheat in Canada was
smaller to a much greater extent
than usually shown by the visible
supply total and that country eleva-
tors were correspondingly bare. It
was also asserted that the circum-
stances were similar in the Dakotas
and Minnesota, though perhaps not
to such a radical degree.

Corn ruled firm as a result of wet
weather damage and of the bulge in
wheat. Eastern cash demand was
said to be the best in some time.
Big export sales helped to lift the
oats market. On the upturn, how-
ever, holders took profits with quite
a free hand.

"Pape's Diapiesin" Digests Food
When Stomach Can't—Cures
Indigestion.

Do some foods you eat hit back
—taste good, but work badly; fer-
ment into stubborn lumps and cause
a sick or gassy stomach? Now,
Mr. or Mrs. Diapiesin, jot this
down: Pape's Diapiesin digests ev-
erything, leaving nothing to sour
and upset you. There never was
anything so safely quick, so cer-
tainly effective. No difference how
badly your stomach is disordered
you will get happy relief in five
minutes, but what pleases you
most is that it strengthens and re-
gulates your stomach so you can eat
your favorite foods without fear.

Most remedies give you relief
sometimes—they are slow, but not
sure. "Pape's Diapiesin" is quick,
positive and puts your stomach in a
healthy condition so the misery
won't come back.

You feel different as soon as
"Pape's Diapiesin" comes in con-
tact with the stomach—distress
just vanishes—your stomach gets
sweet, no gases, no belching, no
eructations of undigested food,
your head clears and you feel fine.

Go now, make the best invest-
ment you ever made, by getting a
large fifty-cent case of Pape's Dia-
piesin from your drug store. You
realize in five minutes how just
it is to suffer from indigestion,
dyspepsia or any stomach disorder.

GRANDMA NEVER LET
HER HAIR GET GRAY

Keep Her Locks Dark, Thick,
Glossy, with Sage Tea
and Sulphur.

When you darken your hair with
Sage Tea and Sulphur, no one can
tell, because it's done so natu-
rally, so evenly. Preparing this mix-
ture, though, at home is messy
and troublesome. For 50 cents you
can buy at any drug store the ready-
to-use "Sage and Sulphur Compound."
You just dampen a sponge or soft brush with
it and draw this through your
hair, taking one small strand at a
time. By morning all gray hair
disappears, and, after another ap-
plication or two, your hair becomes
beautifully darkened, glossy and
luxuriant. You will also discover
dandruff is gone and hair has stopped
falling.

Gray, faded hair, though no dis-
grace, is a sign of old age, and as
we all desire a youthful and attrac-
tive appearance, get busy at once
with Wyeth's Sage and Sulphur and
look years younger.—Advertisement—

IF CHILD IS CROSS,
FEVERISH AND SICK

Look, Mother! If Tongue Is Coated
Give "California Syrup
of Figs."

Children love this "fruit laxa-
tive" and nothing else cleanses the
tender stomach, liver and bowels so
nicely.

A child simply will not stop play-
ing to empty the bowels, and the
result is, they become tightly clog-
ged with waste, liver gets sluggish,
stomach sour, then your little one
becomes cross, half-sick, feverish,
don't eat, sleep or act naturally,
breath is bad, system full of cold,
has sore throat, stomach-ache or
diarrhoea. Listen, Mother! See if
tongue is coated, then give a tea-
spoonful of "California Syrup of
Figs," and in a few hours all the
constipated waste, sour bile and un-
digested food passes out of the sys-
tem, and you have a well, playful
child again.

Millions of mothers give "Califor-
nia Syrup of Figs" because it is
perfectly harmless; children love it,
and it never fails to act on the
stomach, liver and bowels.

Ask your druggist for a 50-cent
bottle of "California Syrup of Figs"
which has full directions for babies,
children of all ages and for grown-
ups plainly printed on the bottle.
Beware of counterfeits sold here.
Get the genuine, made by "Califor-
nia Fig Syrup Company." Refuse
any other kind with contempt—

Not in years have women's Suit, Dress and Coat manufacturers faced a condition like the present. Anticipating a big season they made up tremendous stocks of merchandise. Then came the war, and, as if that was not sufficient, the country has had a continued spell of warm, unseasonable weather that has not been known in years. As a result, big firms all over the country are cancelling orders, stocks are accumulating and manufacturers are absolutely compelled to UNLOAD REGARDLESS OF THE SACRIFICE. Now's the time when MONEY TALKS and Mr. Strauss went into the market with the CASH, and bought tremendous lots of finest garments AT PRACTICALLY HIS OWN PRICE. KANSAS CITY MARKETS

Kansas City Stock Yards, Oct. 12.—Purchases of stockers and feeders here last week amounted to 35,000 head, practically the same number as were taken out same week last year. Prices declined 10@25 cents per cwt., during the week, and there was a large hold over, 9,000 head.

Fresh receipts today are 32,000 head, containing the usual large proportion of thin kinds, which puts this week into the hands of the buyers. Monday's market is usually bullish, but sales are barely steady today. A feature is the arrival of some fancy yearlings from Texas, which are selling at \$3.00@3.60. These yearlings have the ability to make show cattle of themselves if given the chance.

Other high class panhandle stockers are selling at \$7.40@7.80, and good steers \$6.50@7.25. Colorado is shipping freely, consignments high class two, rich colored, at \$7.35@7.75. Plain Colorados are selling to distillery buyers around \$6.75, some as low as \$6.45. Tight money is depressing prices, some cattle selling 25@35 cents below where they would be money conditions as easy as two or three weeks ago.

This makes a double reason for buying now to anyone in a position to do so, a plentiful supply, and ample variety to choose from, and bargain prices. A feature in the last week has been the large number of one and two car buyers here. Reports from various sections indicate a price for corn around 65 cents, and plenty of rough feed everywhere, conditions that will render feeders able to nurse the market when it comes to selling till such time as falling prices made advisable to cut loose. Liberal receipts will continue for another week or two.

J. A. Rickart, Market Correspondent.

CATTLE MARKET LETTER

Chicago, October 12.—Receipts of cattle today were 21,000 of which 4,000 were westerns. The River markets were again liberally supplied, Kansas City reporting 31,000, South Omaha 13,000 and East St. Louis 11,000. It was a slow and dragging trade here from start to finish, with prices practically 10c and in some cases 15c lower than the close of last week. Buyers seemed willing, however, to take the cattle at the decline and a fair clearance was effected, although rather late in the day. The rangers seemed to find more favor, the market on this class being strong. We sold 85 head of the W. P. Carpenter beeves from Tarkio, Missouri, averaging 1,452 pounds at \$10.75. Even the yearlings which were in good strong request last week participated in the dullness today. We sold 99 head of

Missouri yearlings averaging \$16 pounds, at \$9.40, and a 72 head bunch from Illinois weighing 923 pounds at \$9.25; these were in just fair flesh. The butcher stock market, aside from canners and cutters, was slow to 10 cents lower, that class being about steady. Clay, Robinson & Co.

CRYING FOR HELP

Lots of It in Jacksonville But Daily Growing Less.

The kidneys often cry for help. Not another organ in the whole body more delicately constructed; Not one more important to health. The kidneys are the filters of the blood.

When they fail the blood becomes foul and poisonous.

There can be no health where there is poisoned blood.

Backache is one of the frequent indications of kidney trouble.

It is often the kidneys cry for help. Used it.

FALLING HAIR OR ITCHING SCALP

Surely Cease When You Use Parisian Sage—Makes Your Hair Soft and Fluffy.

Now that Parisian Sage—a scientific preparation that supplies every hair and scalp need—can be had at any drug counter, it is certainly needless to have thin brittle, matted, stringy or faded hair. No matter how unsightly your hair, how badly it is falling, or how much dandruff, Parisian Sage is all that is needed. Every trace of dandruff is removed with one application, the hair roots are nourished and stimulated to grow new hair, itching scalp and falling hair cease—your hair becomes soft, fluffy, abundant and radiant with life and beauty.

Parisian Sage is surely one of the most invigorating and refreshing hair tonic known. It is easily used at home—not expensive, and even one application proves its goodness.—adv.

SHERMAN RECORD SHOWS INDEPENDENCE IN UPPER HOUSE

Senator Shows Ability to Think
Clearly and Stand Firm on Con-
victions—Not Bound by Party.

In the Chicago Tribune of Oct. 12, appears the following written by Mr. Henning, the Tribune's Washington correspondent.

The Tribune was the leading progressive paper in America two years ago and has consistently supported Roosevelt and the Bull-Moose tenets.

The correspondent's commendation of Mr. Sherman is timely just now when attempts are being made by his opponents to discredit his public record. The article reminds us that Sherman is a progressive with the brakes on, that he has always stood and fought for the people and that when he fights he knows how to win.

Washington, D. C., Oct. 11.—(Special)—Lawrence Y. Sherman of Illinois is seeking re-election to the United States senate on his record of service in that body covering a period of scarcely eighteen months. Yet in that brief record there is ample material for the proof of his character and ability.

Mr. Sherman has distinguished himself in the senate by his independence of thought and action. He is classed as a regular Republican, but has proved too progressive to suit the reactionaries led by Smoot and Penrose. The more radical of the Progressive Republicans regard him as too conservative.

The senators who welcomed Mr. Sherman to their membership a year and a half ago soon decided that he cared little about his political classification.

They found that he took his job more seriously than most members of the senate. He was always studying the bills under discussion and when he had reached a conviction, engaging in the debate. He soon won the reputation of being the hardest worker in the senate.

Mr. Sherman is a methodical man. He started out by familiarizing himself with all the details of procedure in the senate. As each bill came up he spent days and weeks in study and research and canvassing the views of his constituents by circular letter. He became a regular passenger on the last night car of the Capitol line.

When he had mastered the intricacies of the measure, Sherman would jump into the debate and fire his ammunition at those supporting what he regarded as the wrong view of the question, whether Democrats, Progressives, progressive Republicans, or reactionary Republicans.

Aid to Direct Elections. There is one constructive achievement in defense of popular government which this neophyte of the senate accomplished practically single handed. It is not too much to say that the preservation intact of that latest safeguard of liberty—the popular election of senators—the people are indebted to Senator Sherman.

Shortly after Mr. Sherman entered the senate the constitutional amendments providing for the election of senators went into effect. Sherman and Lewis were the last senators elected by a legislature. A few months later Senator Johnston of Alabama died and Gov. O'Neal sought to fill the vacancy by appointing Frank P. Glass instead of calling an election. It was contended that under the phraseology of the amendment the old system of filling vacancies was intended to prevail until the end of the term for which Johnston was elected.

Mr. Sherman pointed out that the creation of this precedent would postpone the full operation of the new system of electing senators until 1919, the end of the terms of the thirty-two senators last elected by the legislatures. He denounced the effort to seat Glass as a reactionary plot to postpone the realization of this reform and finally won the senate to his view.

At different times in the senate Sherman went on record as opposed to cloture of debate in that body, as opposed to child and convict labor and in favor of laws to improve condition of working women and compulsory compensation for injured workmen.

Defends Rights of Negroes. During the consideration of the bill providing for agricultural extension instruction he fought for an

amendment to prevent the southern states from discriminating against negro farmers in the expenditure of the federal appropriations. He led the fight which ended in the defeat of the McCumber bill providing for federal inspection of grain, but favored the administration measure proposing federal supervision of state inspection of grain in interstate commerce.

He voted against the passage of the Democratic currency bill, establishing the reserve bank system. He held that the Democrats had constructed a system under which the reserves of money would be used for the benefit of the south to the detriment of the north.

In support of his prophecy he presented an analysis showing that in the allotment of crop moving funds Secretary McAdoo had given the north 20 per cent less money than the south, although the crop production of the north is 60 per cent more.

Urges a Direct Primary. The senator introduced and unsuccessfully sought the passage of direct presidential primary bill, providing for the direct election and instruction of state delegates to national conventions and deprived those bodies of the power of rejecting such delegates, such as led to the scandal of the Republican convention of 1912.

In a lengthy speech in the senate Sherman pointed out that his bill preserved state's right rights in the nomination of presidents—he said he did not believe in a nationwide direct presidential primary. But in spite of the fact that the Democratic majority would not listen to the proposal of presidential primary legislation which had been urged by President Wilson.

The senator delivered a long argument "that woman has as much inherent right to vote as anybody else has." He voted for open legislative sessions of the senate. He voted for a measure repealing the exemption of coastwise shipping from the payment of Panama canal tolls.

Action on Tariff Bill. During the consideration of the Simmons-Underwood tariff bill Senator Sherman voted generally with regular Republicans against reductions of the duties on imports.

The senator voted for a counter-vailing duty on meats and logs and for a "dumping duty on all imports. He also voted for the creation of a tariff commission.

He voted against the Cummins amendment proposing a 10 per cent tax on future trades on stock and grain exchanges.

He voted against the Norris amendment providing an inheritance tax of from 1 to 75 per cent upon bequests from \$50,000 to \$500,000 and over. He however, voted to increase materially the surtax provided in the income tax section and for an exemption on account of children not exceeding \$1,000.

MRS. HELEN BROWN READ IN CONCERT AT ROCKFORD The Rockford Register of recent date tells of the appearance of Mrs. Helen Brown Read in that city under the auspices of the Mendelssohn club. It says "It was a pleasure to note the development of Mrs. Read's voice. The same luscious quality of her dramatic mezzo soprano has been retained. Although Mrs. Read possesses temperament in abundance, far above the average, she is entirely free from mannerisms and sings with an ease which adds much to the charm of her work."

To her first group of songs Mrs. Read gave as an encore "The Song of India" playing her own accompaniment "in a manner which showed her not only to be a gifted singer, but a broad musician as well." The paper speaks most enthusiastically of her rendition of "Wienlied" by Brahms and compliments highly her English songs, including "The Sleep that Flits on Baby's Eyes" and "When I Bring You Colored Toys." Mrs. Hazel Hicks, Harpist was the accompanist.

EVAN WILLIAMS. A musical treat for Jacksonville is promised for Monday evening, Oct. 26, when Evan Williams, the great tenor singer, will appear at the Grand Opera House. It is seldom that a singer of such ability is heard here and all music-lovers will give the famous American tenor a hearty welcome. Williams has a voice of melody and power and his singing is of the highest quality.

WAS SEVERELY INJURED. Joseph Henderson of Rural Route No. 8, while working with a scraper on Diamond street Wednesday afternoon, had the misfortune to get his head severely bruised. The handle of the scraper struck him in such a manner as to break the scalp, the entire length of his head. He was taken to the office of Dr. J. U. Day, who gave the necessary medical attention.

RAYMOND HITCHCOCK COMES TONIGHT.

As a past master of mirth-makers and contributor extraordinary to the gaiety of the nation, Raymond Hitchcock has long ago achieved universal recognition as the premier artist in his own particular field of musical comedy frivolity. No comedian, native or foreign, can touch him in quaint drollery, spontaneity of sure-fire wit or the inimitable artistry of his satirical travesty. As a dramatic reviewer recently stated: "Hitchcock does not depend upon the humor of the dialogue, he could toss the book and lyrics into the discard and still twist a thousand laughs out of a cold potato." Now there is nothing funny about a cold potato, as a cold potato—unless perchance one hoped to have had it served hot—but under the ministrations of Hitchcock the cold potato becomes a lump of laughter. It is all very simple. Because, if you do not laugh at the cold potato you surely will laugh at Hitchcock and his handling of it. If he does not cause it to sprout laughs or bursts its skin with bubbling mirth, he can be depended upon to deliberately peel that cold potato and toss you a laugh with every particle of the paring, for that is his method.

Yes, Raymond Hitchcock is a laugh-merchant that knows the value of his wares and just how to market them. Always the comedian—never the clown. He can feel the laughs in the cold potato and proceeds to dig them out. Yet they are always clean laughs, never suggestive or vulgar or cheap. His accomplishments, though difficult of classification, are varied and well worth while. In short, Mr. Hitchcock's art defies analysis, unless one were to say that he takes his fun-making seriously, thereby enhancing the drollery of his artistry through that studied spontaneity that is real art. Mr. Hitchcock and his excellent company will appear in "The Beauty Shop" at the Grand tonight.

FUNERAL SERVICES HELD FOR MISS CASEY FANNING

Large Number of Friends Assemble at First Baptist Church.—Rev. Percy W. Stephens in Charge.

The funeral services for Miss Casey Fanning were held at 11 o'clock Wednesday forenoon in First Baptist church and were conducted by Rev. Percy W. Stephens, pastor of the church. There was a large assemblage of relatives and friends of the deceased and of her family gathered to pay a last tribute of love and respect for her whose life was so suddenly brought to a close. The singing of music fitting the sad occasion was by a quartet composed of Mrs. Gertrude Richardson, Miss Hazel Bell Long, Earl Richardson and M. A. Peckham, who very impressively sang "Lead Kindly Light", "Beautiful Isle of Somewhere", and "Sometime We'll Understand". There were many beautiful floral tokens of sympathy and love which were kindly cared for by Misses Marie Thompson, Bertha Austin, Zella Reid, Irene Cox, Helen Shreve, classmates, and by Miss Carrie Spiers, teacher of the Sunday school of which Miss Fanning was a loved member.

The bearers were Lester Tribble, David Conrad, Frank Sweeney, Fred Holly, Earl Foreman and Herman Holly. The remains were conveyed to Jacksonville cemetery where they were laid to rest.

Among the out of town friends who were enabled to attend the funeral of Miss Fanning were Thomas Dudgeon and Herman Davis of Meredosia; Miss Lilly Andrews, Winchester; Mr. and Mrs. J. P. Mills and daughter Miss Dorothea, and Thomas Mills, Murrayville; Robert Fanning, Haganer; Nelson Petty, Beardstown; Mr. and Mrs. John O. Hayes, Manchester; Mr. and Mrs. Marion Thompson, Roodhouse; Mrs. James Cooper and family, Mr. and Mrs. John Combes and Mr. and Mrs. Clark Combes, of Woodson.

Christ's Sympathy.
O, Lord! dear Father, when we grieve

Too sorely o'er our pain,
And when these human hearts of ours

Would call to earth again
The presence of our dearly loved
Whom Thou hast called to Thee
Rebuke us not but speak to us
With patient sympathy.

Help us to realize their gain
E'en though our loss be sore
Help us to thank Thee that for them
Is gladness evermore.
E'en though the clouds of sorrow lie
About us here below
And all too readily, alas!
Rebellious thoughts may grow.

Help us to turn our wayward will

TO MEET THY WILL AND FEEL WITHIN OUR GRIEVING HEARTS THAT FAITH WHICH CAN OUR SORROW HEAL.

The faith which makes us truly know
We do not grieve alone,
Since love and sympathy divine
Thou givest to thine own.

Thus only can we lift our cross,
Thus only Lord thy wisdom see
And gladly leave our loved with Thee.

MEREDOSIA HOLDS FIRST OF PROHIBITION MEETINGS

Series of Gatherings Will Take Place in Morgan County.—Hon. Geo. W. Wilson Heard in Address.

Ray's opera house at Meredosia was the place where the first of a series of meetings in the interest of National Prohibition to be held in Morgan county, was inaugurated on Monday evening. There was an audience of approximately 300 assembled to show their interest in the subject of temperance and to listen to the proceedings.

Hon. Herbert R. Road of Michigan, who has a national reputation as a speaker, was scheduled for an address, but owing to his failure to make connection with his train in Chicago, he did not arrive and his place was most acceptably filled by Hon. George H. Wilson of Quincy.

The meeting was called to order by Louis F. Berger, who is one of the progressive citizens of Morgan county's only river town and who is most enthusiastic in the temperance movement. There was present a chorus of 40 voices which was under the efficient leadership of Wm. M. Pond. The opening song was the Battle Hymn of the Republic, which was given in a very enthusiastic manner by the audience. The invocation by Rev. S. A. McIntosh, pastor of the local Presbyterian church, was followed by a solo by Mrs. Katie Schroll, who sang America. This was followed by a solo by Mrs. Lea Wegehoff. The address of the evening was by Hon. George H. Wilson, who was heard with great interest.

FLOYD WALSTON KILLED BY TRAIN

NEBO YOUNG MAN MEETS DEATH BENEATH WHEELS.

Had Been to Hannibal, Mo. and Was Stealing a Ride Home When He Fell From Baggage Car.—Dies Nine Hours After Accident.

Floyd Walston of Nebo, Ill. met death beneath the wheels of a Chicago and Alton passenger train Wednesday afternoon. The young man had been to Hannibal, Mo., the same day and was returned home, presumably stealing a ride on the blind baggage. He fell from the car about two miles west of Nebo and the body was found by the crew of a passing freight train.

He was taken to Nebo where Dr. J. R. Pollock was summoned. Arrangements were made to bring the injured man to Jacksonville but a short time showed that he was beyond all medical aid. He died nine hours after the accident, having never regained consciousness. He suffered a severe fracture of the skull and one leg was cut off.

He was the son of Mr. and Mrs. C. R. Walston and was 26 years of age. He is survived by his parents, two brothers, Harry and Lloyd, and four sisters. It is thought that no coronor's inquest will be held.

MORTUARY

Smith.
Mrs. Andriana Smith passed away in death at the family residence, 863 North Prairie street, at 9:30 o'clock Wednesday morning at the age of 73 years, 2 months and 14 days. She was taken with pneumonia several days since and it becoming acute caused her death.

Andriana DeFreitas was a daughter of Frank and Annie DeFreitas and was born on the Island of Madeira, July 22, 1841, and at the age of 13 years came with her parents to this country and in consequence has been a resident of Morgan county for sixty years. She was a consistent member of Northminster Presbyterian church and was a charter member of the Missionary society and took an active part in good works of the church and of the society.

On October 11, 1860, Miss DeFreitas was united in marriage to Joseph C. Smith of this city who with the following children survive to mourn the death of their mother: Mrs. Annie McGlorhen, Jacksonville; Joseph H. Smith, Winchester; Mrs. Julia DeCastro and Mrs. Jane Franks of Jacksonville; Charles C. Smith, Springfield; David C. Smith, Jacksonville; Misses Minnie and Louise DeFreitas, Jacksonville and Mrs. Elmer Goethe of Griffin, Ga. and her sister, Mrs. Justina DeFreitas, Jacksonville, her brother, Manuel DeFreitas of Dennison, Texas, 18 grand children and 9 great grandchildren.

Friends wishing to view the remains of Mrs. J. C. Smith will please call at the residence before noon Friday, as the casket will not be opened at the church.

Funeral services will be held at 2:30 o'clock Friday afternoon in Northminster church with Rev. W. E. Spoons conducting. Interment in Jacksonville cemetery.

Henry.
Kenneth Wayne, the 5 months old infant son of Mr. and Mrs. Howard Henry, closed its baby eyes in death and went home after a brief visit with its parents at the family residence in Woodson. The baby was born May 11, and died Oct. 14, having lived five months and three days. Death was due to cholera infantum. The baby is survived by its parents and two brothers, Howard O. and Avals Henry.

Funeral services will be held at two o'clock this afternoon at the home in Woodson, and will be conducted by Dr. Geo. W. Miller of Woodson.

Interment will be in the Henry cemetery one mile south of Woodson.

FUNERALS

Dorwart.
Funeral services for Frederick Dorwart were held Wednesday afternoon at the family residence, 1141 Mound avenue, and were conducted by Rev. Leonidas Davis, pastor of Westminister Presbyterian church in the presence of a large gathering of relatives and friends of the deceased and his family. Singing of music suitable to the occasion was by Miss Ainslie Moore. There was a profusion of floral offerings of sympathy and respect which were cared for by Mrs. William Gerbing of Roodhouse and Miss Annie Kirwin of St. Louis. The gathering of friends was large from the fact that Mr. Dorwart had been so long a resident of Jacksonville and was so highly esteemed.

The bearers were grandchildren of the deceased and who were Frederick Dorwart, Frederick Lambert, John N. Dorwart, J. E. Cunningham, A. E. Hoagland and Charles H. Dorwart. Interment was made in the family lot in Diamond Grove cemetery.

Among the out of town friends at the funeral services were Mr. and Mrs. Harry Gray and John Bergschneider of Alexander.
